

Epiphany Catholic School: Incoming 4th Grade Math Summer Skills

Students are **strongly suggested** to practice **math skills** during the summer using the IXL website/app. **Students should work on the grade level they have just completed. For example, a rising fourth grader should work on third grade skills.** Students are expected to achieve a SmartScore of 80 or higher for each skill they practice. While all of the skills listed under their **outgoing grade** are great to practice, below are the most recommended skills. We are suggesting students to **complete 2 skills per week**. You may note completed skills on attached log. ECS will recognize students completing weekly skills.

RECOMMENDED 3rd GRADE SKILLS FOR RISING 4th GRADERS

Please note that some/many of the skills may have already been completed during the school year.

<u>Numbers & Comparing</u> All	<u>Multiplication</u> H.1 –H.9
<u>Place Values</u> All	<u>Division Skill Builders</u> J.1 J.2
