

Epiphany Catholic School: *Incoming 6th Grade Advanced & 7th Grade Non-Advanced IXL Math Summer Skills*

Students are **strongly suggested** to practice **math skills** during the summer using the IXL website/app. **Students should work on the math grade level they have just completed. For example, a rising seventh grader should work on sixth grade skills.** Students are expected to achieve a SmartScore of 80 or higher for each skill they practice. While all of the skills listed under their **outgoing grade** are great to practice, below are the most recommended skills. We are suggesting students to **complete 2 skills per week**. You may note completed skills on attached log. ECS will recognize students completing weekly skills.

RECOMMENDED 6th GRADE IXL Math SKILLS FOR Incoming 6th Grade Advanced & 7th Grade Non-Advanced

Please note that some/many of the skills may have already been completed during the school year.

<u>Decimals</u> F.4 F.5	<u>Mixed Operations</u> O.4 O.7
